

Workplace Safety

Video: MSC Machine Guarding

MSC Machinery Team | Jan 08, 2020

Video Highlights

All machines are not alike and how to protect from injury depends on the machine being used. MSC's Larry Costigan of the Machinery Team, AKA "Larry the Machinery Guy", provides expertise on the importance of machine guarding and which guards are used with which machines.

He discusses *E-stops*, *shields*, and various other ways to keep machinists safe while maintaining efficiency.
