Video: U-Wave Fit–Data Collection & Data Management

Brought To You by Mitutoyo | Feb 03, 2020

The new U-Wave Fit wireless data management transmitter from Mitutoyo fits to the back of any Mitutoyo digimatic hand-held metrology measuring instrument. This new design allows for a snug fit behind the display, resulting in a more ergonomic feel for data collection. U-Wave Fit is the same technology as the U-Wave T, just a smaller version.

To learn more about the U-Wave Fit, download a PDF of the brochure from the supplier [*here*](#).
