VIDEO: Grinding and Blending a Weld with 3M Abrasives

Brought To You by 3M Abrasives | Apr 29, 2020

In this demo, see the two-step weld removal and paint prep process using a 3M™ Cubitron™ II Flap Disc 969F and a Scotch-Brite™ Light Grinding and Blending Disc. Learn the differences between various flap discs and why they are so important to have in your shop.
