VIDEO: ACU-RITE and Randolph Community College: Shaping the Future of American Manufacturing

Brought To You by ACU-RITE | Jul 20, 2021

When it comes to training students for lucrative and fulfilling careers in advanced manufacturing, Randolph Community College in North Carolina turns to ACU-RITE digital readouts and CNC controls because that's what employers in the region use. Hear from some of the students currently enrolled in the program in the short video above.
