

Fall Protection and Training

VIDEO: TOOLING UP – PRO-SAFE Fall Protection Program Do's & Don'ts

Brought To You by PRO-SAFE | Jan 16, 2023

Video Highlights

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations. Through Tooling Up, you'll gain access to our knowledgeable in-house specialists and experts from our most-trusted partners and suppliers, along with some exclusive innovative offerings from MSC. From metalworking and MRO supplies, services, and expertise, to inventory management solutions, and to the safety and well-being of your team, we are dedicated to working side-by-side with you to make your operations better.

Explore more Tooling Up videos here.

In this episode of MSC's Tooling Up, Eddie Saunders Jr., MSC Expert Host is joined by Bruno Cunha, Certified Safety Specialist at MSC for a real-time discussion around the importance of implementing a solid Fall Protection safety program in the workplace, as well as Fall Protection Harness Do's and Don'ts. They'll cover important topics including:

- The biggest mistakes you can make with fall protection harnesses
- Features and key safety factors of a harness
- Safety Training – Including a helpful Fall Protection Training Checklist
