

Personal Protective Equipment

VIDEO: TOOLING UP – How to Properly Dispose of and Recycle Your PPE

Brought To You by Kimberly-Clark Professional | Sep 08, 2021

Video Highlights

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations.

Through Tooling Up, you'll gain access to our knowledgeable in-house specialists and experts from our most-trusted partners and suppliers, along with some exclusive innovative offerings from MSC. From metalworking and MRO supplies, services, and expertise to inventory management solutions, and to the safety and well-being of your team, we are dedicated to working side by side with you to make your operations better.

Explore more Tooling Up videos here.

In this episode of MSC's Tooling Up Eddie Saunders Jr., MSC Expert Host is joined by Ashley Davis, EH&S Professional/Waste and Recycling Specialist at Kimberly-Clark Professional for a real-time discussion on post-consumer recycling solutions and how you can use them to reach your organization's sustainability goals.

They'll cover an array of important topics including:

- What PPE items qualify for recycling?
- How has the COVID-19 pandemic affected the use of PPE?
- What is the RightCycle Program and how does it work?

To explore all Kimberly-Clark Professional solutions, visit [MSCDirect.com](https://www.mscdirect.com). Check out these additional Kimberly-Clark resources right here on Better MRO.
