VIDEO: TOOLING UP – Extreme Versatility with the Kennametal Dodeka Mini Milling Cutter

Brought To You by Kennametal | Mar 10, 2022

Video Highlights

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations.

Through Tooling Up, you'll gain access to our knowledgeable in-house specialists and experts from our most-trusted partners and suppliers, along with some exclusive innovative offerings from MSC. From metalworking and MRO supplies, services, and expertise to inventory management solutions, and to the safety and well-being of your team, we are dedicated to working side by side with you to make your operations better.

Explore more Tooling Up videos here.

In this episode of MSC's Tooling Up Eddie Saunders Jr., MSC Expert Host, is joined by Tony McClain, Regional Product Manager, Indexable Milling at Kennametal for a real-time discussion about how the versatility of the Dodeka Mini Milling Cutter truly benefits manufacturing facilities.

They'll cover important topics including:

- Common areas where this tool is utilized
- What this tool helps operators achieve at the spindle
- Flexibility of the inserts and performance in various materials
