VIDEO: TOOLING UP – Why You Should Incorporate Deburring Into Your Machining Process

Brought To You by Osborn | Jul 18, 2022

Video Highlights

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations.

Through Tooling Up, you'll gain access to our knowledgeable in-house specialists and experts from our most-trusted partners and suppliers, along with some exclusive innovative offerings from MSC. From metalworking and MRO supplies, services, and expertise to inventory management solutions, and to the safety and well-being of your team, we are dedicated to working side by side with you to make your operations better.

Explore more Tooling Up videos here.

In this episode of MSC's Tooling Up Eddie Saunders Jr., MSC Expert Host, is joined by Chris Lyons, ATB Field Specialist at Osborn for a real-time discussion around the many benefits of automating your current manual deburring process.

They'll cover important topics including:

- Outdated deburring processes and their consequences
- What ATB is and how it is helping machine operators
- The ins and outs of automated deburring

To explore all Osborn products and solutions, visit [MSCDirect.com](https://www.mscdirect.com).
