VIDEO: TOOLING UP – On the Cutting Edge of Innovation with Brendt Holden, Haimer USA

| Sep 09, 2022

Video Highlights

In this episode of MSC's Tooling Up Mitch Free is joined by Brendt Holden, Haimer USA's President, for a discussion on innovation in the cutting tools industry. Holden gives us an inside look through his career journey, and walks us through Haimer's newest cutting edge innovations. These newest products, **Duo-Lock™** & **Safe-Lock™**, each offer unique solutions:

- **Safe-Lock™**: The pullout protection for your round shanked cutting tools, designed to deliver high-accuracy results.
- **Duo-Lock™**: Modular cutting tool interface system, designed to strengthen the interface between the cutting head and the tool holder.

Learn even more about these innovations here and explore all Haimer USA products and solutions at [MSCDirect.com](https://www.mscdirect.com).

For additional metalworking insights and expertise check out MSC's Better MRO knowledge hub.

Tooling Up is a video series by MSC Industrial Supply Company that provides real-world insights brought to you by leading industry experts and aimed at improving the efficiency and productivity of your operations.

Through Tooling Up, you'll gain access to our knowledgeable in-house specialists and experts from our most-trusted partners and suppliers, along with some exclusive innovative offerings from MSC. From metalworking and MRO supplies, services, and expertise, to inventory management solutions, and to the safety and well-being of your team, we are dedicated to working side-by-side with you to make your operations better.
