VIDEO: RF 100 Micro-Diver Micro Carbide End Mills

Brought To You by Guhring | Jan 03, 2023

Do you have challenges in micro-machining? Master them now with the ***Micro-Diver*** — effective, reliable, precise. Plunging and milling with only one tool. Outstanding performance across a wide range of materials. Extreme cutting values and very high cutting depths, which were previously not possible for micro-precision tools. Watch the short video above to learn more (*music only, no transcript*).
