VIDEO: TOOLING UP – Smart Tools for Milling

Brought To You by Accupro | Jan 02, 2025

Video Highlights

In this episode of MSC's Tooling Up, Toni Neary is joined by Senior Director of Metalworking Sales and Innovation Jamie Goettler of Accupro for a discussion on the new Accupro ST Series.

Jamie and Toni discuss the industry challenges that led to the development of the ST Series, a simplified and efficient solution for milling operations. With preconfigured and calibrated tools alongside a user-friendly dashboard, this innovative technology empowers manufacturers to optimize their machining processes and achieve higher levels of productivity, all while shortening the learning curve and bridging the all-too-relevant skills gap. By leveraging the science of machining dynamics, the Accupro ST Series aims to transform manufacturing, boost competitiveness, and pave the way for the future of American machining businesses.
