VIDEO: ADAPTIX™ – The Future of Workholding - Made by Machinists, For Machinists

Brought To You by Norgren | Sep 26, 2023

Welcome to the latest revolution in workholding with the ADAPTIX™ Vise System.

An American made, versatile, durable workholding solution designed with over 150 years of machining expertise, the ADAPTIX™ works great for:

- Increasing Clamping Forces
- Decreasing Part Flow Bottlenecks
- Maximizing Spindle On-Time – Bringing Versatility To Your Machining
