VIDEO: Next Generation Ultra-Lightweight Cut

Brought To You by Ansell | Nov 01, 2023

HyFlex® gloves from Ansell are designed to provide increasingly lighter-weight comfort with increased levels of cut protection. Their newest cut-resistant gloves feature:

- **Improved dexterity** – Tailored fit matches natural hand contours
- **Enhanced cut protection** – Protection against scrapes and lacerations
- **High dexterity and flexibility** – For precision handling of sharp parts
- **Breathable and touchscreen compatible**

They provide excellent cut protection and good comfort for workers exposed to high cut risks.
