Manufacturing Day 2023 Recap

| Nov 03, 2023

Learn about the future of modern manufacturing careers and hear from industry experts as we recap the events at Manufacturing Day 2023, where students learned about the endless opportunities available in the exciting world of manufacturing at the MSC Machining Research Laboratory at UT Knoxville.

*For more videos covering this year's Manufacturing Day event, check out the **MSC MFG DAY 2023** playlist.*

*To hear how some industry leaders were inspired to launch their careers in the field, watch now: **How Has Manufacturing Changed Your Life?***
