

Metrology

VIDEO: HOW TO Conquer Data Collection

| May 20, 2024

Video Highlights

Metrology = ROI. But how do you maximize your shop's efficiency and productivity? Jacob Sanchez is at HM Manufacturing answering that very question. To really maximize the benefits metrology can provide, you need to be effectively implementing at every step in your process. Nicole Wolter has this down to a science in her shop, and leverages process measurement at every appropriate step to ensure the highest quality parts are shipped out her door. Join Jacob and Pat yet again to learn How To Conquer Data Collection.

Watch the prequel: HOW TO Increase ROI with Metrology

For even more insights and expertise, check out MSC's Better MRO knowledge hub.

"How To" is a video content series from MSC Industrial Supply developed with the purpose of serving as a resource for all those who work in, support, and have a passion for the metalworking sector of the manufacturing industry.

Through How To, you'll gain hands-on, practical advice from industry experts currently working in the field. At MSC, we are dedicated to providing real-world practical advice to improve your day-to-day operations.

For more How To videos, check out our MSC How To playlist and subscribe to our YouTube channel.

And check out our other show, Tooling Up, on the MSC Tooling Up playlist.
