

Personal Protective Equipment

VIDEO: TOOLING UP: Get a Grip on Safety with AlphaTec

| Sep 04, 2024

Video Highlights

In this episode of MSC's Tooling Up, host Toni Neary sits down with Jason Ghanny, Associate Director of Product Management and Business Development at Ansell, to discuss the latest advancements in personal protective equipment (PPE). Jason shares his unique journey from a family rooted in the medical field to becoming a leader in manufacturing safety. The conversation focuses on Ansell's revolutionary new gloves, the AlphaTec 53-002 and 53-003, designed to offer unparalleled chemical protection, heat resistance, and comfort. Jason delves into the innovative technology behind these gloves, including their multilayer construction, which provides both superior protection and dexterity. He also discusses the recent acquisition of Kimberly-Clark's PPE division and its impact on Ansell's product offerings. You won't want to miss this insightful discussion on how Ansell is leading the charge in worker safety and the innovations shaping the future of PPE.
