VIDEO: Unveiling More: New 3M™ Cubitron™ 3 is Here

Brought To You by 3M Abrasives | Mar 03, 2025

3M Abrasives is back with more—new versions and forms reshaping the way work gets done. Introducing the new 3M™ Cubitron™ 3 Fibre Discs in 60+ and 80+, plus Roloc™ Discs in 36+, 60+, and 80+—ready to revolutionize your workflow.

- **More Material Removal** – The 3M™ Cubitron™ 3 Fibre Disc 1187C 60+ crushed the competition, removing up to 207% more material than other shaped grain discs.
- **More Efficiency** – The 3M™ Cubitron™ 3 Fibre Disc 1182C 60+ has your productivity in mind, with up to a 69% faster sustained cut rate than other competitive shaped grain fibre discs.
- **More Versatility** – Now available in more grades and forms to tackle your toughest grinding jobs.

Experience next-level performance with **3M™ Cubitron™ 3**.
