VIDEO: TOOLING UP: Best New M12/M18 Tools Features: Safety, Batteries, and More

Brought To You by Milwaukee Tool | May 06, 2025

Video Highlights

In this episode of MSC's Tooling Up, host Toni Neary sits down with Dan Blythe and Jeff Morman, Senior Product Managers at Milwaukee Tool, to explore the latest innovations in power tool safety and performance. From the groundbreaking Rapid Stop™ braking and AUTOSTOP™ kickback control to dual trigger grinders and hydraulic impact drivers, Dan and Jeff share how Milwaukee Tool is setting new standards for safety, control, and ergonomic design on the jobsite. The conversation also highlights the power of REDLITHIUM FORGE batteries, COOL-CYCLE™ charging technology, and the long-standing M18/M12 compatibility that ensures seamless integration across tools. Whether you're on the shop floor or out in the field, this episode offers real-world insights into the tools designed to keep users safer, more productive, and better equipped than ever before.
