

How-to

Right Cut; Right Wheel

| Jan 01, 2014

What you need to know

Cubitron II Cut-Off Wheels are designed to provide high cut rates.

The versatility of these wheels allow them to be used as a depressed center wheels and as a cut off wheel.

3M™ Cubitron™ II Cut-Off Wheels

Cubitron II Cut-Off Wheels are designed to provide high cut rates on all types of ferrous metals, stainless steels, alloy steels and cast iron. They offer long life to help reduce cost. Plus, their fast, cool cutting action helps make your job easier.

3M™ Cubitron™ II Cut & Grind Wheels

These versatile wheels are designed to be used both as a depressed center grinding wheel and as a cut-off wheel – making them ideal for cutting, grinding, gouging and more. After 10 minutes of use, they nearly double the output of our closest competitor while removing nearly 2x the material.

3M™ Cubitron™ II Cut & Grind Wheels
Last Longer! Removes nearly 2x the material, compared to our closest competitor

Key Takeaways

- Reduce costs and gain longer life with the cool cutting of the Cubitron II cut off wheels.
- Whether cutting, grinding or gouging, the Cubitron II doubles as a grinding wheel and a cut off wheel.
