## **VIDEO: Innovation Meets Protection: Fibre-Metal Type 2 Climbing Helmets**

Brought To You by PIP Global Safety | Sep 02, 2025

The Fibre-Metal Type 2 Climbing Helmets from PIP Global Safety protect from top, front, back and side impacts. Advanced foam technology absorbs impact by bonding under force. A customizable design provides added protection. You can easily assemble visors, earmuffs, UV shades and welding attachments. They are available in Class E (non-vented) and Class C (vented) and assorted colors. Watch this short video to learn more (*music only, no transcript*).
