

Job Connection

Video: Meet the People Behind Norton

Brought To You by Norton | Feb 18, 2018

The people at Norton take pride in the products they produce. For them, it is more than a job, it is a passion. Through its Made by Me, Inspired by Norton video series, Norton introduces you to the people behind the scenes – the people behind the products you rely on.

In this video, meet the employees at Norton's Worcester, MA Super Abrasives plant. For 130 years, employees here have led the way in precision abrasives manufacturing, building upon a commitment to excellence and a tradition of innovation, handed down from one generation to the next. See the pride that goes into every product.

With 8 facilities and over 2,000 employees in the U.S. and Canada, Norton is proud to have a strong presence in local communities across the U.S. and Canada.

Meet more of the people leaving their mark on the industry by visiting the Norton website, and explore Norton abrasives on MSCDirect.com.
