

Training

Understanding Bonded Wheel Markings

Brought To You by Weiler Corp. | May 11, 2018

Video Highlights

- Before mounting any cutting wheel or grinding wheel, check and ensure that the maximum safe RPM on the wheel is higher than the maximum RPM rating of the tools that you are using.
- Proper use of any product starts with proper safety. The safety standard of ZB 7.1 should be understood and followed.
- Do not use any product that has been dropped or damaged.
