ASSP Safety 2019 Video: Are Your Respirators Right for Your Workers?

| Jun 11, 2019

Video Highlights

- Learn about the new **3M reusable respirator**, the Rugged Comfort Quick Latch Half Facepiece Reusable Respirator 6500QL Series, that will let workers don and remove their respirators with one hand.
- Find out the features that make a respirator comfortable for long use by your workers.
- Discover tips to help ensure compliance for respiration protection and understand your requirements as a safety manager.

Participant:

- Meghan Mooney, U.S. Marketing Manager – Reusable Respirators, 3M
