Wearwell's First Revolution: Did You Know?

Brought To You by Wearwell | Nov 04, 2019

Wearwell's first Revolution was in 1989, when they invented the Diamond-Plate Mat as it is recognized today. Before this, low-quality sponge matting ruled the industry, but simply wouldn't last. Wearwell decided to laminate a piece of diamond vinyl to the top of an anti-fatigue sponge, and the Diamond-Plate Mat was born! ***Watch this short video to learn about the technology behind the Diamond-Plate Mat:***

Full Range of Products for Every Budget

Aside from manufacturing top quality products, Wearwell carries a full range of competitive products to match any budget. They understand that not everyone needs top-of-the-line matting. They take the time to listen, learn your area, and make a proper recommendation based on your budget with their "Good, Better, Best" offering.

Good, Better, & Best!

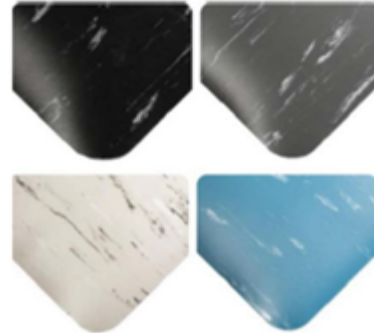

Rating	GOOD	BETTER	BEST
Compound	SMART® <small>US REG. NO: 3,739,714</small>	Flex-Link™	Nitricell®
Products	497	495	414, 415, 416

Range Of Surfaces:

Diamond Plate

Tile-Top

Thumb Test:

GOOD

SMART Diamond-Plate
No. 497

BETTER
