

# ONSITE COMPLIANCE-BASED TRAINING & E-LEARNING

As experts in safety and efficiency, MSC can give your employees the onsite training and E-learning they need to make your facility safer, more efficient and compliant.

Well-trained employees are happier, more efficient and make fewer errors. **Moreover, lack of staff training can cause significant damage to your business's finances and reputation due to:**

- Lower productivity
- Poor work quality
- More workplace accidents
- Higher staff turnover

## ONSITE SAFETY TRAINING PROGRAM

All courses can be held onsite at your facility. Each program is customizable to your organization's unique requirements and is offered in multiple languages. Classes are all taught by experts in each trade. Choose from a variety of programs in these categories:

- Safety & OSHA
- Machine & Mechanical
- Electrical
- Management Safety
- Safety Compliance
- Industrial Hygiene

**We have experts in just about every area, so contact us today about scheduling your industrial, manufacturing and facility training.**
