

Lighting for all your applications.

Benefits: From general-purpose flashlights to hands-free headlamps, PRO-SAFE[®] manufactures LED flashlights with bulbs that will never need replacement. We offer aluminum and polymer models designed specifically for industrial use.

Headlamps

- Industrial-grade hands-free lights
- Fully adjustable — can be worn directly on the head or around a hard hat
- Designed for comfort and durability

LED Aluminum Body Flashlights

- Rugged design ideal for almost any application

Industrial Water Resistant and Submersible Flashlights

- Durable enough for any environment
- Feature water-resistant casings
- Totally waterproof and submersible in water up to 98 feet deep

Rechargeable Flashlights

- Available both in handheld and lantern styles
- Hold charges for extended periods
- Feature focus control for increased intensity

Swivel Head Flashlights

- Swivel head puts light directly where it's needed
- Sturdy base and hang hook allow for hands-free operation in any application

Penlights and Clights

- Ideal for a variety of jobs, from reading blueprints to inspecting hard-to-see places
- Sleek, streamlined and waterproof

PRO-SAFE Industrial Alkaline Batteries

- Designed specifically for industrial use, in devices requiring high-power input and frequent use
- Mercury- and cadmium-free
- Available in 5 sizes at a great value

Pack Size	Voltage	12-Pack	24-Pack	72-Pack	144-Pack
AA	1.5	–	44533313	–	44533289
