

CUSTOMER	BUILD-TO-ORDER MACHINED PARTS MANUFACTURER*
INDUSTRY	AEROSPACE
SOLUTION	MSC AP OPT™ CONTINUOUS IMPROVEMENT REVIEW (CIR)

This regional manufacturer specializes in custom built-to-order parts for commercial airlines, and the U.S. Military. They produce machined precision parts in a state-of-the-art facility that continues to grow in footprint, and capability.

Like most, they are challenged with finding qualified, skilled labor and ways to drive operational productivity.
